

# WET-MILLED FRICTION ABRASIVES

ZIROX TR, ZIROX 70, ZIROX 120 AND TZM

TAM Ceramics wet-milled monoclinic zirconia and zirconium silicate powders are wet-milled to sub-micron particle sizes. These materials can be custom-produced in a wet milling operation. Zirox TR, Zirox 70 and Zirox 120 are wet-milled zirconia powders and TZM is wet-milled zirconium silicate powder. TZM is a cost-effective solution to fine-grained powders.
